Inventor: Takashi Tsunooka  
Title: ***Control Device For Multicylinder...***  
Atty Docket: 77670/597

**Message:**

Mr. Chang:

Your comments in the Notice of Allowability mailed December 17, 2007 indicates that the Oath or Declaration is defective because it does not properly identify the citizenship of each inventor, that the citizenship of each inventor in this application should be --Japan--, instead of "Japanese."

To address the issue, we e-filed an Application Data Sheet. Please issue a Supplemental Notice of Allowability.

Please contact me should you have any questions regarding this matter. Thank you.

Daniel G. Shanley
